

A Message from the
President

Dear PAN Members

Here's to a Happier New Year!

We are all adapting to the "New Norm". I am pleased that our hobby has been very resilient to these changes. Many collectors have used this "time" to organize and research what they have been collecting. Many dealers have made themselves more available to their clients through social media, websites, etc.

PAN was successful in providing a Fall Show in 2020. I want to thank everyone who made it possible. Both collectors and dealers were working together to provide and share their collector inventories in a safe environment.

We thank Certified Disease Specialist, Dawn McBride, our chief health compliance officer. Dawn created the safest possible environment. This included daily temperature checks, mask, tracing measures, and many other measures. The 2020 show was successful because everyone understood all health expectations and precautions. We hope to provide the same level for our 2021 Spring Show. Stay tuned for details.

We were unable to have our \$100 raffle which is the main fundraiser for the PAN Foundation. This money is used for our educational outreach. I am pleased to say that the board personally contributes financially to support these efforts. We would appreciate if you're able to contribute any amount of financial dollars to the PAN Foundation for these programs. Just go to pancoins.org to make a contribution or a check by mail. Checks made payable to the PAN Foundation.

Keep working on your numismatic projects and we look forward to seeing you in May.

Thomas J. Uram, PAN President
