Spring Coin Show Updates:

Covid guidelines will still be required including proper mask wearing, temperature checks, social distancing, and hand sanitizing. Dealing with the pandemic for more than a year, we are confident that most people don't need floor markings for common sense distance or aisle directions arrows, etc. You know the drill. We will not require the filling out of a release form that was part of our last Fall coin show. You will still be required to register if you are not on our mailing list. If you receive our mailed yellow postcard, bring it along then that is all you will need to enter.

Many people have received the vaccine. Since most of our dealers and older attendees are vaccinated, the situation will be much better than our pre-vaccine last October show. Even that went very well considering the circumstances.

If you are a PAN member, you are entitled to 1-hour early access onto the show floor. It is not too late to join! Simply go to our website and sign up securely online or print and mail a membership application. <https://pancoins.org/membership/>

Get Abe Lincoln to Pittsburgh

GoFundMe link is <https://www.gofundme.com/f/get-abe-lincoln-to-pittsburgh>

PAN and eNEWS editor, Patrick McBride (Benjamin Franklin re-enactor) have created a GoFundMe page to raise money to bring renowned Abraham Lincoln actor, Dennis Boggs, to the *American Numismatic Association's World's Fair of Money* to be held at the Stephens Convention Center, in Rosemont (Chicago), IL on August 10 – 14, 2021. The money generated will cover Dennis' fee, airfare, hotel stay, etc.

This fund drive was originally created for the 2020 Pittsburgh ANA-WFM that was canceled due to Covid-19. The money raised was rolled over to this new "Get Abe to Rosemont" fund drive. Between GoFundMe and private donations, we have raised close to \$2,000 so far. Our goal this time is to raise more than \$4,000 so that we can also help old Ben Franklin to get to Rosemont.

Lincoln and Franklin have appeared together previously charming the young and old alike with their wit, humor and historical tales. They have together attended the Florida United Numismatists (FUN) convention in January of 2020 and the

last ANA World's Fair of Money, Chicago IL, in August of 2019. Many dealers, vendors, and attendees enjoyed posing for photos with these grand historical figures, but most importantly, the children whose eyes lit up and tongues tied in the presence of Mr. Lincoln www.MeetMrLincoln.com or Dr. Franklin www.FranklinAlive.com were priceless. Imagine being 10 years old and able to tell your teacher that you met President Lincoln or Dr. Franklin or BOTH! What is a more wonderful gift than giving to our children the desire to learn through living history? Young collectors are the future of the coin business, and we encourage you make a donation.

Small amounts are encouraged. Ten dollars each from 200 donors will easily reach our goal. Please consider a \$5 Lincoln note or a \$100 Franklin note to get these engaging characters to Rosemont this summer. Mailed donations are also gladly accepted. All monies are deposited into our PAN Foundation 501(c)(3) account and are tax deductible.

Please make checks payable to:

The 2021 Morgan and Peace dollars are moving closer to a reality! The United States Mint has placed the Morgan Dollar on their website product schedule for release on May 24th. The Peace dollar will be released on June 7th. These coins have been through quite the journey.

They began in 2019 as a commemorative coin idea for the year 2021 by Citizens Coinage Advisory Committee member Mike Moran and CCAC Chairman at the time and our PAN President Tom Uram. The concept was to have the remakes of these classic coins become one of the two commemorative issues allowed per year by law. If it was successfully able to move through the legislative process, then the surcharge money would be used for numismatic education that would be managed by the American Numismatic Association. It was hoped that some of the raised funds would be able to help state numismatic associations fund part of their journal printing costs. This would be the first time in the history of the commemorative coinage program that money raised from sales would benefit the coin collecting hobby. Most commemorative coin sales are generated by coin collectors. How appropriate and exciting that a portion of coin collectors' money would go back into the hobby that they love.

The Morgan and Peace coins have received a lot of attention and enthusiasm from the coin collecting community. Mike and Tom immediately realized that this would be a winner. The financial benefit to numismatic organizations would have been broad and not channeled to any specific non-profit, museum, memorial, sports event, etc. Finally, we have a commem that most collectors like and are excited about and will financially benefit the hobby.

But alas, it was not to be as the legislative process for successfully creating commemorative coinage became quite challenging. Issued coinage must become the law of the land with both houses of congress and a presidential signature. What is a critical ingredient is strong sponsorship with a super majority of co-sponsors in the House and Senate. The two current commemorative coins that won the legislative race with stronger political support are the Christa McAuliffe, teacher in space and the National Law Enforcement Memorial and Museum coins. These commemorative coins were very popular with legislators. One hundred-year-old silver dollars did not generate much support from the halls of Congress. At this point it appeared that Tom Uram and Mike Moran's dream would not come true since the critical date of 2021 would likely pass without the Morgan and Peace dollar anniversary recognition coins being minted.

After a period of brief mourning, Tom and Mike went back to the drawing board and realized the coins could still be produced as non-commemoratives / legal tender coins. They would not need the two thirds support in congress and would only would require a simple majority vote. The United States Mint officials and Director, David Ryder confirmed their idea was indeed a legal pathway forward.

The new legislative bill was carefully rewritten with House Rep Andy Barr's sponsorship once again. Obtaining the co-sponsors would be an easier task this time. The bill passed the House of Representatives.

continued page 6

2021 Morgan and Peace dollars continued.

It then went on to pass the Senate. It was signed by President Trump just before his term ended. This difficult endeavor was a numismatic victory that made it just under the wire! The downside is that the stakeholder (in this case numismatics) would not receive any surcharge funding. In the end these beautiful reissues will be produced. Non-profit numismatic organizations will miss out on much needed support funding but will assuredly and creatively scrape up support dollars by other means as they have done in the past. In conclusion, it came to be somewhat of a half victory but the collectors will reap the better half of the bargain in what will be some very beautiful coins. *Photo – the principal players that made the 2021 Morgan/Peace coins happen: left CCAC member and PAN President Tom Uram, center U.S. House Representative and Bill Sponsor Andy Barr, right CCAC member Mike Moran. Tom and Mike are coin collectors that never gave up on getting these highly anticipated coins minted. We thank them for their diligence!*

Pennsylvania Association of Numismatists Foundation has been newly created. PAN was designated a 501(c)(4) non-profit in 1986. This was done to enable us to benefit from tax exemption as many other numismatic organizations have done for many years. But... if you notice we are a (c)(4) rather than a (c)(3). Why is that? At the time, PAN was involved in repealing the Pennsylvania sales tax on rare coins and bullion. A 501(c)(4) is able to raise funds for political action which we have done on occasion to hire lobbyists to keep the sales tax exemption in place.

PAN has been at the forefront of the tax issue to this day. Our efforts and a great working relationship with the Industry Council for Tangible Assets has kept us a tax-free state for more than thirty years.

The problem we faced under this designation is the ineligibility to participate in fundraising days of giving, grants, matching funds etc. Last year we finally did something about it and created a separate PAN Foundation. We now have more flexibility to raise money.

PAN has been moving forward in this effort and has created a *Legacy Giving* page on our website. <https://pancoins.org/legacy-giving/>

We would certainly encourage PAN supporters to think of a donation as part of their will or an estate. PAN President Tom Uram has devoted a career of expertise in the financial field and would be glad to speak with anyone regarding future giving.

A recent generous donation was made by Dolores Kara in memory of her late husband and collector Michael Kara. PAN was delighted to be considered by the Kara family and we are grateful for this wonderful kindness.

Donations are a major part of our financial survival. We added an "Additional Donation" line to our dues notices this year and were very surprised at the positive response that we received. All the dues donation funds were deposited into the PAN Foundation account and will be used for our educational outreach programs. We will continue to recognize those that would include PAN in their estate planning.

Thank you

for the donation made to PAN in honor of Michael Kara by Dolores Kara.

This contribution enables The Pennsylvania Association of Numismatists (PAN) to continue promoting the hobby of coin collecting through coin shows, lectures, seminars, a published journal, and an electronic newsletter. Our primary focus is learning the art, history, and world cultures through coinage, medals, and paper money.

Joyfully active in the community, Michael Kara was known by many and loved by all. He lived 86 full years with a warm, compassionate smile and a helping hand. So unassuming yet so willing to make an impact and assist those in need, his legacy is one to which we all should aspire.

Portraying Ben - As many of you know, my role as the PANeNEWS editor / publisher is only one portion of my lot in life. I have taken on an alternate persona as **re-enacting Benjamin Franklin**. The 2019 ANA National Money Show held in Pittsburgh would be a turning point when Abraham Lincoln interpreter, Dennis Boggs encouraged me to seriously consider presenting as Ben.

I gave it quite a bit of thought. Would I have the time? Would I actually enjoy doing it? I've had no training in acting and had no clue as to how I would perform. I took the first step by abandoning my regular visits to the barber shop or more aptly known today as the hair salon. If I couldn't get beyond the long hair deal then I would have my answer early. The hair didn't look too bad and I got used to the annoying discomfort. I immersed myself with reading the myriad of books of America's most colorful founding father. The acquisition of clothing and props complimented my reading and also provided me an education regarding eighteenth century dress. I quickly became comfortable in this new role.

Coin shows were a good means to get my sea legs. I wouldn't need to give a presentation which would be necessary if, for instance, a historical society or museum would extend an invitation. To start out, I would mostly pose for photographs which was a lot of fun. I might be asked an occasional question that I would stumble through as a seasoned politician would do. As time went on, I learned an amazing amount about Franklin's life and very importantly, his personality. Today I am quite comfortable in portraying such an enigmatic historic figure. I discovered that learning to be a re-enactor is very similar to becoming interested in a particular coin series and eventually becoming so very immersed in it that one finds oneself to be a somewhat of an expert.

This living journey through history continues today. I along with my alter ego would be delighted if you would set aside some time away from the coin show to have a seat, rest your feet, and hear me practice some of my expertise.

PAN Spring Coin Show
Monroeville Covention Center
209 Mall Blvd Monroeville PA 15146

Friday May 7 - 4:00pm
Saturday May 8 - 1:00pm

Join Dr. Franklin as he regales stories of his life and times at Independence Hall. He will speak about his advocacy of a paper currency, his relationship with his son, William, his negotiating skills while in France. Ben would be delighted to answer your questions and interact in the world you live in today.

Here is a fun YouTube clip of a podcast that I recently did. I particularly liked this one because I praised our young people today to help give them some encouragement and instill the value of learning. I presented myself as Franklin living in this century and commenting on modern day life. <https://youtu.be/cw1mxbnFCgl>

The PANKidZone will be held on Saturday May 8th as part of our Spring Coin Show at the Monroeville Convention Center. We will not have penny tables set up again, until Covid ends. We will give each young person two rolls of unsearched cents so they can fill their folders at home. The kid's auction will take place as usual. There are some great lots this time and, with attendance off a bit, the bidding competition is reduced as well. The kids at the last show walked away with some great deals without spending a lot of their PAN dollars!

Young numismatists programs play a crucial role in child development. For non-athletic children, immersing into coin collecting is a great alternative to be involved in something positive. It is a very fun way to learn history. It provides the habit of caring for, cataloguing, and a bit of wealth management skills that children will carry through their entire lives. The best part for parents, grandparents, or guardians is that it is all FREE!

If you have never suggested to your child something new and fun to do, then this will be the perfect time to start. It could be life changing in a very good way. Through our history we have a surprising number of young numismatists that went on to become full time successful coin dealers, or have found great employment opportunities within the industry.

Extra Special Bonus - Each young person that attends the PANKidZone will receive this special NGC label slab. The coin is the PA innovation dollar featuring the polio vaccine that was discovered in Pittsburgh by Dr. Jonas Salk. These are very collectible especially during this PANdemic. more info:

PANKidZone

The PANKidZone is open to young people **under 18 years of age** and their parents, grandparents, or guardians. All the action will take place on **Saturday, May 8th, 2021**.

Due to Covid our penny folder tables will not be set up. Each young person will be given 2 rolls of randomly chosen 1909-2009 cents along with a one year cent folder (if needed).

THEN THE REAL FUN BEGINS!

11:00 - 2:00 Registration, Each child will receive a paper sack with 3 foreign coins, a Beaver Falls Centennial medal, and auction dollars. Everyone must wear a mask. **Bring a first time friend & earn 5 additional PAN Auction Dollars!**

2:00 - 2:15 More free coins and PAN Dollars in a fast paced raffle!

2:15 - 2:35 Presentation by Heinz History Center Educational Director, Robert O. Stakeley. **Special Guest, Founding Father Ben Franklin.**

2:35 - 3:10 The PANKidZone Auction will commence! Bid on your favorite lots with the PAN Dollars you have saved or earned. There are 50 items of great coins, medals, tokens, and paper money.

ICTA has rebranded itself to more accurately reflect their mission. Click on their new logo at left to read about the changes.

PAN has been a member of ICTA, now the National Coin and Bullion Association, for many years. Together we have kept Pennsylvania a tax-free state regarding rare coin and bullion sales.

PAN recommends that individuals and numismatic firms join and keep informed about legislative issues that affect your business.
